CARNIVAL CLOSING DATES

There are two carnivals in December which Tracie will be attending and these carnivals are your last chance to qualify for the State Age Championships. If you are chasing times, it is so important that you enter these carnivals. For those swimmers whose focus is their school & district carnivals, these are really good carnivals to practice your racing skills against those who will also be at your district carnival. We need all swimmers to enter the South Coast Championships to ensure we are able to enter the Relay races. We hope you can all participate.
